

SPORTS SUB-COMMITTEE REPORT

Sangaran a/l Rawisandiran
Chairperson

Greetings to all.

I am grateful to be selected for this term of 2020/21 to head Sports Sub-Committee. All the previous years Sports Sub-Committee tasked to handle and organize Sports based events to build a bridge for an engagement among the members of the Johore Bar to remain intact socially and in the same time to create and maintain the bond between Bar and Bench and Civil Force.

With the same enthusiasm to maintain and to accelerate better and further Sports Sub-Committee drafted plan to organize Sports events for the term 2020/21. “We can plan, but the final decision making is always secret”. The world hit hard by Covid-19 Pandemic in early March 2020 and resulted all our events which were planned earlier to be halt temporarily with the hope the country will be released soon from the fist of Covid-19. However, we all are still in the fight against Covid-19 in the year of 2021.

Since sports events can be made possible only with physical appearance, the Sports Sub-Committee of state Bar decided not to organize any Sports events with physical appearance because good health of the members of the Bar is our utmost concern and this decision was made in concern with the advise by the Government of Malaysia to break the chain of Covid-19 from spread widely. It was not an easy decision but a must to ensure the safety of the members and to avoid any unwanted events.

However, the Sports Sub-Committee looked into every possibilities to organize digital based games since the new norm is “Living in Digital World”.

With approval of the state Bar Committee we wanted to organize “E-Games” (Example: FIFA, Virtual Badminton and etc). E-Games sounds like something very easy to handle and yes it is, but not when involves more than two or more peoples. Other than setting up the platform or station for the game to be conducted, the expenses to meet the smooth run of the game session is really expensive. Since the expenses to be paid with the money of the members of the Johore Bar, the Sports Sub-Committee decided to not carry on with the plan to conduct e-games because the money can be channeled to other more useful things for the benefit of the members of the Bar and public in general during this pandemic.

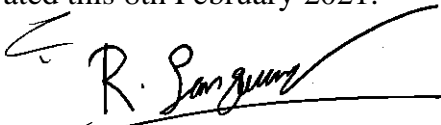

It was a good lesson given to all that nothing is permanent and we should always be ready to face and to change accordingly for a better future ahead.

Appreciation

I wish to record my appreciation to all my Committee members for their continuous support of ideas and guidance to lead the Sports Sub-Committee even during this hard time.

The journey to be continued with fresh hope and dream for normal social living we enjoyed before the year 2020.

Dated this 8th February 2021.
