FEEDBACK ON REGISTRATION OF PROPERTY

It has been more than 1 year now that PEMUDAH has been monitoring the progress of the land offices and land registries in Peninsular Malaysia on the registering of properties within 1 day of presentation of the instrument of transfer.

According to reports made available to PEMUDAH, from June 2010 to Dec 2010, 92.71% to 96.58% of registration have been done in one day. The January 2011 report from land registries of all States continued to show an average of 97.86% of one day registration.

PEMUDAH has requested members of the Bar to make comments on registering property in one day and to make further recommendations on improvements.

Kindly let me have your feedback and further recommendations on or before 7 March 2011 by email or fax to the Johore Bar Secretariat.
